Notice of Long Term Care Partnership Status

Date _____

Insured's name: _____
Policy or certificate number: _____
Partnership issue date: _____

Please Note: Your long-term care insurance coverage has been identified as qualifying for inclusion in Minnesota's new Long Term Care Insurance Partnership program.

Q: What is the Partnership program?

The Minnesota Long Term Care Partnership is a public/private arrangement between private long-term care insurers and Minnesota's Medicaid/Medical Assistance program. It enables people who purchase certain long-term care insurance policies to have more of their assets protected if they later need to have the state pay for their long-term care. For example, if you receive \$100,000 in benefits under your long-term care insurance, you may be allowed to protect an additional \$100,000 in assets at the time you apply for Medicaid/Medical Assistance.

Q: Do I have to take any action now?

No. You don't need to take any additional steps until you apply for Medicaid/Medical Assistance. At that time, you may be asked to provide information about your coverage and your insurer should be able to assist you.

Q: Will this have any affect on my premiums?

No. This new status will not affect your premiums.

Q: What could affect my Partnership status?

Your coverage may lose its Partnership status or your Partnership benefits may be altered if:

1. You change your inflation protection. Whether your coverage qualifies for Partnership depends in part on your age and the type of inflation protection you select and maintain. *Therefore, before you make any change to your inflation protection, be sure to ask your insurer how a change may affect your Partnership status.*
2. You move to a state that does not have a Partnership program or does not agree to provide reciprocity with Minnesota.
3. State and federal laws change.
